GREENVILLE

Five Year Old Boy Hit by Trolley Car on Central Avenue—Second Meeting of L. T. L.—Local Mention.

The second meeting of the Greenville company, Loyal Temperance Legion, was held with an encouraging attendance in the vestry of the Third Baptist church on Thursday afternoon. The president, Stanley Mulkin, opened the meeting, and the secretary, Miss Ethel Ellis, read the minutes of the last meeting and the roll call. Mrs. J. J. Fields, L. T. L. superintendent, conducted the lesson on the subject "Knave Alcohol," describing the various dangers attending its use. Mrs. J. R. Very and Mrs. W. P. Greene also spoke interestingly along the lines of temperance. A committee of two, Miss Fannie Glover and Bradford Ricketts, was appointed to write birthday letters to Mrs. L. M. Stevens, national president of the W. C. T. U. The meeting closed with song and the Mizpah benediction. The next session is to be held in two weeks at the Greenville Congregational church. At the meeting seven new members were admitted into the company, which promises well for its successful growth.

FIVE YEAR OLD BOY

STRUCK BY TROLLEY.

Dominick Pedace Escaped With Scalp 'Round Thursday Afternoon.

Little Dominick Pedace, the five year old son of Bruno Pedace, the Central avenue shoemaker, was hit by a Taftville trolley car bound for the city on Central avenue street. Sixty seconds after the accident, the boy was taken into Pitcher & Service's drug store, and later to the office of Dr. L. F. Lapierre, who dressed the scalp wound. The boy was in such a dazed condition that he was unable to speak for about two hours and a half after the accident. Then he went to sleep, and when he woke up, about 5 o'clock, he was able to say a few words.

Dominick was playing in the street with other boys of his age when the accident happened. The car, which was the Taftville car due at the square at 1.15, had stopped at Sixth street to let off a passenger. Just as it started up the bay ran in front of it and was struck in the back of the head. The blow knocked him off his feet, and he fell on the fence, which fortunately kept him from going under the car. The car was moving slowly and the motorman was able to bring it to a stop almost immediately.

An examination showed that besides the scalp wound there was no severe injury. His dazed condition caused some anxiety to his parents and friends, but by early evening he was over this, and there is no doubt of his speedy recovery. His escape from death is considered fortunate. He is a well liked little boy and attends the kindergarten of the Greenville grammar school.

Ladies' Aid Society Met.

The March meeting of the Ladies' Aid society was held in the parlors of the Greenville Congregational church on Thursday afternoon. In the absence of the president, Mrs. S. COAST ARTILLERY TOUR OF DUTY

Will Take Place July 21-30 at Stations to be Assigned—Spring Parade in April or May.

In general orders, No. 15, Adjutant General Cole directs the holding of spring parades as follows: The commanding officers, coast artillery corps, and First and Second regiments of infantry, are directed to parade their commands, by company, during the months of April or May, 1910, at the rifle ranges nearest their respective stations, for one day's instruction in rifle and pistol practice. The commanding officers are directed to attend the parades of the several companies of their command. The ordnance officer, assigned to duty with the regiment, will attend the several parades and report thereon.

Troop A, cavalry, and First Separate company, will each parade for one day, instruction in rifle and pistol practice, during the month of April or May; and the commanding officer, Second infantry, is directed to assign dates for these commands, and he will inform the commanding officer of each organization of the date selected by him. The commanding officer, Battery A (F. A.), is directed to parade the battery, by platoon, one day during the month of April or May. Major William M. Stark, ordnance department, will attend the parades of these organizations, giving such instruction as he may deem proper and will forward a report to this office of the efficiency of each organization.

Office witnessing scores at the firing point for state decorations must obtain from each contestant the organization and year in which he has previously won, and the date of his practice, which must be noted in the annual report to this department. No scores will be allowed unless certified to by the inspecting officer.

The acting commissary general will not furnish rations for spring parades of the Connecticut national guard. In lieu thereof, commissary general will purchase such commissary stores as are necessary for the subsistence of each command and will permit any soldier that the food is properly cooked, and issued. The amount expended should not exceed twenty-five cents per man, and in any event not exceed \$100.00, including transportation of supplies and cooking utensils. This being in the line of instruction for soldiers in the field, and a necessary factor of the soldier's education, a strict compliance with these directions is required.
